PRACTICE TEST FOR INFORMATION TECHNOLOGY — UNIT 3: Data communications | TEST C

Đề AI Time allowed: 90 minutes

ANSWER KEY & REFERENCE RESPONSES

Listening: answers and transcripts

Part A

Sarah, an office manager, talks to Hassan, a network engineer, about the network for a new office.

L1. Why does the company need a new network?

Answer: A — It is opening a new office in Hai Phong.

Giải thích: Sarah: "we're opening a small office in Hai Phong next month. What kind of network do we need there?"

L2. What does Hassan suggest for the desks?

Answer: B — Wired connections

Giải thích: Hassan: "I'd suggest wired connections for the desks, because they're faster and more reliable, and wi-fi for the meeting room."

L3. How will the staff in Hai Phong use a server?

Answer: C — They will connect to the Hanoi server through a VPN.

Giải thích: Hassan: "They can use the server which we have here in Hanoi. They'll connect to it through a VPN."

L4. According to Hassan, why is the VPN secure?

Answer: D — It encrypts the data between the two offices.

Giải thích: Hassan: "A VPN encrypts all the data that goes between the two offices. If someone steals the data, they won't be able to read it."

L5. When can Hassan start the installation?

Answer: B — On the fifteenth

Giải thích: Hassan đang làm việc ở Vinh tuần này "so I can start on the fifteenth". Thứ Sáu là hạn gửi báo giá; ba ngày là thời gian lắp đặt.

Listening transcript — Part A

Sarah: Hassan, thanks for coming. As you know, we're opening a small office in Hai Phong next month. What kind of network do we need there?

Hassan: It's a small office with eight people, so a simple LAN is fine. I'd suggest wired connections for the desks, because they're faster and more reliable, and wi-fi for the meeting room.

Sarah: Do they need their own server?

Hassan: No. A server is expensive to look after. They can use the server which we have here in Hanoi. They'll connect to it through a VPN.

Sarah: Is that secure?

Hassan: Yes. A VPN encrypts all the data that goes between the two offices. If someone steals the data, they won't be able to read it.

Sarah: Good. And what about printers?

Hassan: One network printer is enough. If everyone connects to it, we won't need a separate printer on each desk.

Sarah: How long will the installation take?

Hassan: About three days. I'm finishing a job in Vinh this week, so I can start on the fifteenth.

Sarah: Great. Can you send me a price by Friday?

Hassan: Sure, no problem.

Part B

Owen from IT Services explains the student portal to new university students.

L6. Where can students find their student number?

Answer: student card / the student card / on student card / their student card / on the card / your student card / the card

Giải thích: "use your student number, which is on your student card".

L7. How did the university send students their first password?

Answer: by text message / text message / a text message / by text / by sms

Giải thích: "the password that we sent you by text message".

L8. What is the minimum number of characters for the new password?

Answer: ten / 10 / ten characters / 10 characters / at least ten / at least 10

Giải thích: "It must have at least ten characters."

L9. What should students clear if a page does not load?

Answer: browser history / their browser history / the browser history / history / the history / their history / your browser history / your history / browsing history / your browsing history

Giải thích: "If a page looks strange or doesn't load, clear your browser history and try again."

L10. Where must students always log out of the portal?

Answer: in the library / the library / library / on library computers / library computers

Giải thích: "please always log out when you use a computer in the library, so that nobody else can see your grades".

Listening transcript — Part B

Owen: Good afternoon. I'm Owen from IT Services, and I'm going to tell you how to use the student portal, which is the website where you'll find your timetable, your grades and your course materials. You'll use it every day, so save the address in your browser.

Owen: To log in, use your student number, which is on your student card, and the password that we sent you by text message. The first time you log in, the portal asks you to choose a new password. It must have at least ten characters.

Owen: The portal works best in Chrome or Firefox. If a page looks strange or doesn't load, clear your browser history and try again. If that doesn't help, contact us through the help page. The portal also shows important messages from your teachers, so check it every morning.

Owen: One more thing: please always log out when you use a computer in the library, so that nobody else can see your grades.

Reading: answers and explanations

Matching (R1–R5)

R1. Guideline

Answer: B — A rule or instruction about the best way to do something.

Giải thích: Guideline (hướng dẫn, nguyên tắc chỉ dẫn) là quy tắc hay chỉ dẫn về cách tốt nhất để làm việc gì.

R2. Tag

Answer: D — To attach a computer code to a word, phrase, image, etc. in order to arrange the data in a particular way.

Giải thích: Tag (gắn thẻ) là gắn một mã máy tính vào từ, cụm từ, hình ảnh… để sắp xếp dữ liệu theo một cách nhất định.

R3. Bus

Answer: E — A circuit that connects the main parts of a computer so that signals can be sent from one part to another.

Giải thích: Bus (bus, đường truyền) là mạch nối các bộ phận chính của máy tính để tín hiệu đi từ bộ phận này sang bộ phận khác.

R4. Back button

Answer: F — A small area on a web browser that you click on in order to go to the previous page.

Giải thích: Back button (nút quay lại) là nút trên trình duyệt để trở về trang trước.

R5. Electronic version

Answer: A — A copy of something presented in a form that can be read on a computer.

Giải thích: Electronic version (bản điện tử) là bản sao ở dạng đọc được trên máy tính. Định nghĩa C là của wired (có dây), không có trong danh sách thuật ngữ.

Grammar (R6–R12)

R6. Look! The printer _____ the same page again and again.

Answer: C — is printing

Giải thích: "Look!" cho thấy việc đang xảy ra ngay lúc nói: hiện tại tiếp diễn. Chủ ngữ số ít (The printer) nên "is printing".

R7. This laptop _____ to the sales department, not to us.

Answer: A — belongs

Giải thích: "belong" là động từ trạng thái, không dùng ở thì tiếp diễn. Chủ ngữ số ít nên "belongs".

R8. The laptop _____ I bought last month is already too slow.

Answer: D — which

Giải thích: Mệnh đề quan hệ bổ nghĩa cho vật (The laptop): dùng "which" (hoặc that). "who" chỉ dùng cho người.

R9. Staff _____ work from home need to use the VPN.

Answer: C — who

Giải thích: Mệnh đề quan hệ bổ nghĩa cho người (Staff) làm chủ ngữ của "work": dùng "who".

R10. If you press Ctrl and Z, the computer _____ your last action.

Answer: B — undoes

Giải thích: Câu điều kiện loại 0 cho điều luôn đúng: If + hiện tại đơn, hiện tại đơn (undoes).

R11. If the new laptops _____ on Friday, we will set them up next week.

Answer: D — arrive

Giải thích: Câu điều kiện loại 1: mệnh đề If dùng hiện tại đơn; chủ ngữ số nhiều (the new laptops) nên "arrive", không dùng "will".

R12. There is _____ USB port on the left side of the laptop.

Answer: B — a

Giải thích: USB đọc bắt đầu bằng âm /juː/ (phụ âm) nên dùng "a", không dùng "an". any / much không đi với danh từ đếm được số ít trong câu khẳng định này.

Vocabulary (R13–R20)

R13. _____ the link at the bottom of the email to read the full article on our website.

Answer: A — Follow

Giải thích: Follow a link (nhấp vào đường liên kết để đi tới trang mà nó dẫn đến).

R14. Please _____ the delivery form to show that you have received the parcel.

Answer: B — sign

Giải thích: Sign (ký) là viết chữ ký lên giấy tờ để xác nhận.

R15. I left my _____ at home, so I can't charge my phone today.

Answer: C — recharger

Giải thích: Recharger (bộ sạc) là thiết bị nạp điện lại cho pin.

R16. We scanned the old paper documents and used _____ software to change them into text that we can edit.

Answer: D — OCR

Giải thích: OCR (nhận dạng ký tự quang học) là phần mềm nhận ra chữ và số trên giấy để đưa tài liệu giấy vào máy tính.

R17. The calculator app has all the basic _____, such as adding, subtracting and multiplying.

Answer: A — functions

Giải thích: Function (chức năng) là một thao tác cơ bản máy tính thực hiện, ví dụ cộng, trừ, nhân.

R18. Our technicians can fix most software problems _____, so they don't need to visit your office.

Answer: B — remotely

Giải thích: Remotely (từ xa): kỹ thuật viên sửa lỗi từ xa nên không cần đến văn phòng.

R19. All the team leaders will _____ in a discussion about the new network next Monday.

Answer: C — take part

Giải thích: Take part in (tham gia) một hoạt động cùng người khác.

R20. The clinic keeps a _____ of every patient visit on the computer.

Answer: D — record

Giải thích: Record (hồ sơ, bản ghi) là thông tin được ghi lại hoặc lưu trên máy tính để xem sau này.

Reading comprehension (R21–R25)

R21. Where did Gareth do his paperwork five years ago?

Answer: A — At the kitchen table

Giải thích: Đoạn 1: "Five years ago, he did all his paperwork at the kitchen table in the evening."

R22. What does the sensor on each cow's collar measure?

Answer: C — How much the cow moves

Giải thích: Đoạn 2: "The sensor measures how much the cow moves". Độ ẩm của đất do cảm biến ngoài đồng đo.

R23. What happens if a cow moves much less than usual?

Answer: A — The app warns Gareth immediately.

Giải thích: Đoạn 2: "If a cow moves much less than usual, it is often ill, so the app warns him immediately."

R24. Why does Gareth check the readings from the field sensors every morning?

Answer: D — To decide where the cows will go that day

Giải thích: Đoạn 3: "Gareth checks these readings before he decides where the cows will go that day."

R25. How is Gareth solving the problem with the weak mobile signal?

Answer: B — He is putting a wi-fi mast on the roof of his barn.

Giải thích: Đoạn 4: "Gareth is solving this by putting a small wi-fi mast on the roof of his barn."

True / False (R26–R30)

R26. The maintenance work will finish at 2 p.m. on Saturday.

Answer: T — True

Giải thích: Đoạn 2: công việc diễn ra thứ Bảy "from 8 a.m. to 2 p.m.".

R27. Staff will be able to use the VPN from home during the maintenance.

Answer: F — False

Giải thích: Đoạn 3: "The VPN will also be offline, so you won't be able to connect from home."

R28. The phone system will not work during the maintenance.

Answer: F — False

Giải thích: Đoạn 4: "The phone system uses a separate line, so it will work as normal."

R29. Staff should unplug their computers before they leave on Friday.

Answer: F — False

Giải thích: Đoạn 5: "Please switch off your computer before you leave on Friday, but don't unplug it."

R30. If a computer is still on, the update restarts it automatically.

Answer: T — True

Giải thích: Đoạn 5: "If a computer is still on, the update restarts it automatically".

Bản dịch và email dưới đây là mẫu tham khảo. Các cách diễn đạt khác đúng ý và đúng yêu cầu vẫn được chấp nhận.

Translation (W31–W35)

W31. This week, the IT team is moving all the company's files to a new server.

Bản dịch tham khảo: Tuần này, nhóm IT đang chuyển tất cả các tệp của công ty sang một máy chủ mới.

W32. We need a printer that can print on both sides of the paper.

Bản dịch tham khảo: Chúng tôi cần một máy in có thể in được cả hai mặt giấy.

W33. If you lose your phone, we will lock it remotely so that nobody can read your data.

Bản dịch tham khảo: Nếu bạn làm mất điện thoại, chúng tôi sẽ khoá nó từ xa để không ai có thể đọc dữ liệu của bạn.

W34. If a customer signs on the tablet, the app sends an electronic version of the contract to the office.

Bản dịch tham khảo: Nếu khách hàng ký trên máy tính bảng, ứng dụng sẽ gửi bản điện tử của hợp đồng về văn phòng.

W35. Please send me the report as an attachment, not in the body of the email.

Bản dịch tham khảo: Vui lòng gửi cho tôi bản báo cáo dưới dạng tệp đính kèm, không phải trong phần nội dung của email.

Instruction email to Olivia

You are an IT officer. A lot of staff are taking their summer holidays this month. Olivia, a new accountant, has asked how to set up an automatic reply for her emails while she is away. Write an email to Olivia explaining the steps, using the notes below. In your email you must use:
- the present continuous at least once for something that is happening now or around now (Lots of staff are taking…);
- at least one relative clause with which, that or who;
- at least one zero or first conditional sentence (If + present simple, present simple / will + verb).
Follow the standard layout for an email giving instructions: From / To / Date / Subject, a greeting, It should be quite easy to …, the steps with First / Then / Next / After that / Finally, a reminder (Don't forget to … when you've finished.), then Best wishes and your name, position and department.
Write 80–100 words (do not count the From, To, Date and Subject lines).

- this month: lots of staff / take their summer holidays
- open your email program / click 'File', then 'Automatic Replies'
- select 'Send automatic replies'
- type a short message (give the date when you'll be back)
- add the name of a colleague (this person can help while you're away)
- tick 'Inside my organisation only' (then only colleagues will get the reply)
- reminder: click 'OK' when you've finished

Model email

> From: Hoang Minh Chau
> To: Olivia
> Date: 2nd July
> Subject: Automatic replies
>
> Hi Olivia,
>
> Many staff are taking holidays this month.
> It should be quite easy to set up an automatic reply.
> First, open your email program and click 'File', then 'Automatic Replies'.
> Then, select 'Send automatic replies'.
> Next, type a short message which gives the date when you'll be back.
> After that, add the name of a colleague who can help while you're away.
> Finally, just tick 'Inside my organisation only'. If you do, only colleagues will get the reply.
> Don't forget to click 'OK' when you've finished.
>
> Best wishes,
> Hoang Minh Chau
> IT Officer
> IT Department

Speaking

2.5 points

Các bài mẫu là gợi ý tham khảo, không phải đáp án đúng duy nhất. Part 1 có câu hỏi mở và không có bài mẫu trong bộ dữ liệu.

Part 1 (S1)

Answer the three questions. Speak for 30–45 seconds for each question.

Suggested time: 45 seconds per question.

1. What device do you use most, and what are you using it for most this week? Use the present simple for things you usually do and the present continuous for things you are doing now or this week.

2. What happens if you leave a phone in the hot sun or drop it in water? Use zero conditional sentences (If you…, the phone…).

3. What kinds of messages and files do you usually send to your teachers or friends? Use relative clauses with which, that or who (I send photos which…, I write to friends who…).

Part 2 (S2)

Explain the parts of a web browser. Speak for 1–1.5 minutes.

Suggested time: 90 seconds.

Your uncle has just started using the internet. Explain what each part of a web browser in the cues is and what it does. Use relative clauses with which, that or who (The address bar is the box which…, A tab is something that…).

- address bar
- back button
- refresh button
- bookmark
- tab

Required language: Relative clauses with which, that or who: The address bar is the box which…, A tab is something that….

Sample response

> Let me show you the main parts of the browser. At the top, there's the address bar, which is the long box where you type the address of a website. Next to it, there's the back button. It's the arrow that takes you to the page which you were looking at before. The refresh button is the one which loads the page again when it isn't working properly. A bookmark is a way of saving a website that you visit often, so you don't have to type the address every time. Finally, tabs are the small boxes at the top which let you open several websites in the same window. For example, you can read the news in one tab and check the weather in another.

Part 3 (S3)

Deal with the situation. Speak for 1–1.5 minutes.

Suggested time: 90 seconds.

A friend owns a small café and is not sure whether to offer free wi-fi to customers. Explain the benefits and the risks, and give your advice. Use first conditional sentences (If you offer…, customers will…) and at least one zero conditional sentence (If many people stream videos, the network…).

- customers stay longer / buy more drinks and food
- students and people who work online choose your café
- risk: if many people stream videos, the connection gets slow
- advice: a separate guest network keeps the café's computer safe / change the password every week

Required language: First conditional: If you offer free wi-fi, customers will…; Zero conditional: If many people stream videos, the connection gets slow.

Sample response

> I think free wi-fi is a good idea for your café. If you offer free wi-fi, customers will stay longer, and if they stay longer, they'll probably buy more drinks and food. Also, if students and people who work online know about it, they'll choose your café instead of the one across the road. But there are some risks. If a lot of people stream videos at the same time, the connection gets very slow, and then customers complain. So my advice is to set up a separate guest network. If customers use the guest network, they can't see your till or your office computer, so your data stays safe. And please change the password every week. If you do that, people outside the café won't use your connection all day.
